

Dear Tennessee Tree Tag Supporter,

The Tennessee Urban Forestry Council (TUFC) greatly appreciates your advance purchase of the proposed Tree Tag specialty license plate. Unfortunately, sales for the Tree Tag have been slower than expected and will likely not meet the State's 1000-plate pre-order requirement for production approval.

Considering this development, the Council would like to return your deposit of \$35 (per tag purchased). Alternately, you may choose to donate your tag deposit to support the Council's continuing urban forestry programs and services.

Since 1991, the TUFC has been actively promoting sound urban forestry policies and practices by educating citizens and communities throughout Tennessee on behalf of our city trees. The Council is the only statewide nonprofit organization dedicated solely to promoting and improving Tennessee's urban forests. With your donation the Council can further enhance its effectiveness as a liaison for urban forestry issues, while continuing to provide a forum for promoting clean air, water quality, energy conservation and beautification in Tennessee and beyond.

Please return this notice indicating your choice for the disbursement of your funds:
